## AFFAIRS OF THE DISTRICT

### A Complaint Against Working- men's Lunch Baskets.

The Claim Made That They Sell the  
Sidewalk in Front of Premises  
1023 East Capitol Street—Matter  
Brought to Attention of the Police.  
Report by Lieutenant McCathran.

Complaint has been received by the  
Commissioners from G. D. Carpenter, 1023  
East Capitol Street, against the practice  
of leaving on the sidewalk, in front of his  
house, baskets containing the lunch jar,  
tended for the noon consumption of the  
motormen and conductors of the Wash-  
ington Traction and Electric Company's  
cars running on that thoroughfare. The  
object of the practice is found in the  
alleged disfigurement of the sidewalk by  
grease from the baskets. The matter was  
referred to the police, and the Wash-  
ington Traction and Electric Company have  
covered with unsightly grease spots from  
baskets deposited there awaiting the ar-  
rival of the cars.

The grease penetrates the porous con-  
crete, and no amount of scrubbing and  
washing will remove the stains.  
"I would be pleased if you would in-  
struct the officers on this best to see  
that a step is put to this nuisance. I  
have requested the parties with the bas-  
kets on several occasions to place them  
near the curb, or in the  
unpaved spot around the tree box, but  
they pay no attention to me. As we are  
taxed to pay for the sidewalk, and are  
expected to keep same clean, I think  
we are entitled to protection from eth-  
ers."

"Hoping that my complaint will re-  
ceive prompt attention, and that this  
nuisance will cease, I remain, etc."  
Major Sylvester, to whom the complaint  
was referred, instructed Lieutenant Mc-  
Cathran to consult with the railroad au-  
thorities in regard to the matter, that the  
objectionable practice might be discon-  
tinued, or some other corner selected  
where the sidewalk could be kept free  
from grease spots and waste paper.

Lieutenant McCathran later reported  
that he had notified the Washington Traction  
and Electric Company, of the com-  
plaint, with a request that the trouble  
might be obviated. The report was ap-  
proved by the Commissioners.

A communication under date of Septem-  
ber 7 was received by the Commissioners  
from Frank Benton, of 1801 Harewood Ave-  
nue, calling attention to the case this morning  
being a premature and unnecessary  
removal of soil and trees from a portion of  
the property formerly leased by him, and  
purchased by the District for an extension  
of Rhode Island Avenue, between Second  
and Third Streets northwest. The writer  
protests against the useless defacing of  
the line of that avenue, unless it is about  
to be opened to the public, and that the  
complaint was referred to the Engineer's De-  
partment, and the report of the Assistant  
Engineer received the approval of the  
Commissioners.

James J. McCarthy, alias John J. McCarthy,  
beatnik's mate of the U. S. Pen, who was  
arrested Saturday by Detective Tysler, charged  
with larceny from the United States, was ar-  
ranged for a preliminary hearing before Judge  
Kimball this morning. It was alleged that Mc-  
Carthy stole from the Pen 135 pounds of rope,  
valued at \$10, and 4 pairs of women's blankets,  
valued at \$8. McCarthy declined to plead,  
waived examination, and was held for the action  
of the grand jury. He furnished \$300 bond to  
secure his release.

### His Sanity in Question.

When Daniel McCarthy was arraigned, charged  
with vagrancy, he answered simply "No, I am  
not guilty." Policeman Andrews then informed  
Judge Scott that there was good reason to be-  
lieve that the defendant was not sound mentally.  
In view of that fact Judge Scott ordered Mc-  
Carthy committed and an enquiry made as to his  
sanity.
